NOT INDEPENDENT

While we will always seek to meet our legal obligations to act in our clients' best interests within the meaning of section 961B of the Corporations Act 2001, we do not fall within the definition of "independent" under section 923A. The reason we do not fall within this definition is because we give our clients the option to allow life insurance companies to pay some of our advisers' commissions for the services that we provide to our clients rather than for us to be required to directly invoice our clients and for our clients to be required to pay us directly. We remain committed to continue to give our clients this important choice.

The Purpose of our Financial Services Guide

The purpose of this Financial Services Guide (FSG) is to explain to you the financial services that IFP can provide, along with a broad general disclosure of any remuneration or benefits that IFP and its representatives would be entitled to receive, as well as any interests, relationships or associations that IFP and its representatives have that may be capable of influencing the services you receive.

You may receive other disclosure documents from us which may include;

1. Statement of Advice – This document sets out our understanding of your current circumstances, needs and objectives that are relevant to the financial advice you are seeking from us. It also includes specific disclosure of any remuneration or benefits that IFP and its representatives are entitled to receive, as well as any interests, relationships or associations that IFP and its representatives have that may be capable of influencing the services you receive.

2. Record of Advice – Where we have previously provided to you a Statement of Advice, and where we are providing you with further or subsequent advice: and
- a. your personal circumstances, needs or objectives are not 'significantly different' compared with when we provided you the Statement of Advice; and
 - b. the basis of our advice, is not 'significantly different' to when we provided you with the Statement of Advice;

then we may create a Record of Advice. If the advice recommends a change or replacement of the financial products you currently hold we will provide you with a copy of that advice. If the advice does not recommend a change or replacement of the financial products you currently hold we may simply create a Record of Advice which we will retain on your client file. You may request (in writing or verbally) a copy of that Record of Advice at any time up to 7 years after the date that the advice is provided and we will provide you a copy of that advice without further fees or costs.

3. Product Disclosure Statements - These are documents created by the product issuers (not IFP) and provide details regarding the financial products that have been recommended to you. The details include, but are not limited to, any fees and charges associated with particular products.

Conflicted remuneration and non-conflicted remuneration

The grandfathering arrangement may also apply to policies issued after 1st January 2018, where you (as the client) exercise an option to establish new or additional cover under your pre-LIF policy or to fix an administrative error on your pre-LIF policy.
